PRECONTRACT APPROVAL RECORD
(PART TWO)

CONTRACT

25X1A

The services and equipment being procured by this Contract No. _____
[REDACTED]-5311 are in furtherance of the **IDEALIST**
Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

This amendment written to incorporate definitized rates for the period 1 July 1968 thru 30 December 1968.

25X1A

25X1A

Contractor's proposal WH-040 was received and audit report OSA-2924-68 completed. The Contractor proposed a profit factor of [REDACTED] and this was reduced to [REDACTED] in negotiation which is considered reasonable by the Contract Officer.

SUBJECT: Report on Evaluation of T&M Rates

25X1A 25X1A

Contract No. [REDACTED]-5311

TO : Contracting Officer - [REDACTED]

REF : August 22, 1968 Proposal No. WH-040

*Differ Profit
Prop. may pft.
to [REDACTED]*

25X1A

1. Purpose of Evaluation. As requested, an evaluation was performed of the referenced T&M proposal for field engineering services to assist in the installation, ground operation, maintenance and repair of ECM equipment. The detailed costs and pertinent books and records were examined to determine the reasonableness of the proposed field service monthly/daily labor rates. The proposal contemplates a twelve-month work period beginning July 1, 1968. However, the proposed rates are considered fixed for only the six-months period July 1 through December 31, 1968. Prior to the end of this six-month period, the contractor will review the rates; and, if deemed necessary, will submit a new proposal to revise the rates for the six-months period January 1 through June 30, 1969.

2. Results of Evaluation. The results of the evaluation follow:

a. Direct Labor. Exhibit A attached lists a detailed schedule of the auditor's recommended monthly/daily labor rates together with a comparison of the contractor's proposed rates.

25X1A

b. Other Direct Charges. The contractor proposes reimbursement of other direct charges such as transportation and travel at actual cost plus [REDACTED] G&A. Per diem @ \$20 was proposed for domestic and overseas locations on temporary assignments and at \$10 per day at overseas locations on permanent assignments, plus [REDACTED] G&A. The auditor recommends acceptance of this procedure.

25X1A

-2-

3. Concluding Remarks. Additional audit services will be furnished upon request.

Proposal No. W-H-040

Contract No. [REDACTED]-5311

25X1A

+ Exhibit A +

25X1A

Explanatory Notes.

1. The proposed monthly/daily labor rates submitted by the contractor include the base hourly rate increased by special assignment pay of [REDACTED] applicable plus factors of

25X1A

Field Engineering Overhead
G&A
Profit

25X1A

The rates recommended by the auditor include the same factors as those proposed except for profit which is applied at [REDACTED] rather than [REDACTED]

25X1A

This [REDACTED] profit rate is consistent with prior T&M contracts for off-site support. However, a final determination of the profit rate is referred to the Contracting Officer.
